SAFE, FUN, QUALITY RIDING INSTRUCTION

GOOROMON PARK HORSE RIDING CENTRE

School Holiday Programs

Heaps of Fun!!!

Gooromon Park offers School holiday programs where the children really get "down and dirty" caring completely for a horse for 1 or 4 days; from organizing the feeds, bringing the horse from the paddock, grooming, saddling, riding twice daily
WE OFFER:

Four (4) day programs for Beginners, Intermediate and Advanced riders with Gooromon Park horses or with their own horse. Classes are organized to suit the level of the participants. Each day consists of two riding sessions and two theory sessions to suit the participants. Beginners will have heaps of horsey fun and establish their riding, while the intermediates will be challenged with jumping and riding out and the advanced riders with dressage, show jumping and some eventing in our paddocks

On the afternoon of the third day a trip is organized to the Belconnen Cinema to take in a movie. This is a great opportunity for the children to unwind in an relaxed environment with their new found **HORSEY FRIENDS**. This week is finishing with a fun gymkhana and a party where each child is awarded a certificate and a Gooromon Park ribbon.

One (1) day programs : New Beginners 6 -16 yrs

Beginners Day is for children with no horse riding experience and starts with a short talk on safety followed by a familiarizing session with the horses, this helps newcomers to relax into the environment and helps in understanding the horses. The children have two riding lessons, the first lesson being Vaulting, which gives the children an amazing amount of confidence "look mum I'm kneeling" or "standing on the horses back." The second riding lesson is either playing games on horse back or a trail ride. All riders receive an award certificate and a Gooromon Park ribbon.

This is a great introduction to horses and a **FUN DAY**.
